

COVID-19 STATUS AND UPDATE

(last revised February 10, 2022)

We're open, and all of our facilities and amenities are open.

All relevant and noteworthy restrictions are outlined below. Please be aware that everything is subject to change with or without notice, in accordance with guidance and mandates from the county, state and any other governmental agency.

If you are sick, in a high-risk group prone to illness, or experiencing any virus-type symptoms, please stay away from others and stay away from any of the common areas or buildings. If you have tested positive, suspect that you may be, or have been exposed to someone who is, please stay inside your RV and on your site. Symptoms include: unusual night sweats, cough, shortness of breath/difficulty breathing, fever, chills, repeated shaking with chills, muscle pain, headaches, sore throat, and new loss of taste/smell. If you're sick or exhibiting any symptoms, contact your health care provider immediately for further medical advice.

-Masks/face coverings are no longer required *(as of February 10, 2022, by state directive)*. Consistent with State guidance, anyone who has certain underlying health conditions or lives with/interacts with someone who is immunocompromised, the wearing of masks/face coverings is still strongly encouraged.

-The six-foot "social distance" is no longer required, as of May 1, 2021, but is still recommended.

-We continue to recommend the usual precautions at all times: washing your hands frequently and properly, not touching your eyes, nose and mouth, covering your coughs and sneezes with your arm, and using hand sanitizer. Please bear in mind that this is a greatly abbreviated description of all precautions that should be taken, here or anywhere. Hand sanitizer is available in most buildings and areas, including the bathhouses and pool deck area. If you find any such supplies are running low, please let us know right away.

If you have any questions or concerns, please do not hesitate to contact the manager at manager@preferredrv.com, or by calling (775) 727-4414.
